

CUBE6 Waste Recycling

CUBE⁶

“YOU CANNOT GET THROUGH A SINGLE DAY WITHOUT HAVING AN IMPACT ON THE WORLD AROUND YOU. WHAT YOU DO MAKES A DIFFERENCE, AND YOU HAVE TO DECIDE WHAT KIND OF DIFFERENCE YOU WANT TO MAKE.”

At CUBE6 we are proud of our commitment to reducing our impact on the environment. We are also mindful of our customers' responsibilities for the reduction of waste on site and the subsequent path of the material to land fill or recycling facilities.

We are therefore pleased to provide a collect and recycling service for polystyrene panels. CUBE6 suppliers are licensed to receive and transport expanded polystyrene waste. This waste is then recycled and reformulated into other polystyrene products.

Here's how we can work together for a better environment...

- 20 bags will be supplied upon receipt of order for waste collection; each bag can take up to 3m³.
- Waste EPS only – clean, bagged and free of debris.
- White and platinum grades EPS to be kept separate.
- Access is required for our articulated vehicles – please contact us if access is restricted.
- Collections within 10 days following request being logged.
- The driver can assist the loading of the panels provided that it meets with the site's health & safety requirements.
- Cross contaminated bags cannot be loaded onto the collection vehicle.

Please do not hesitate to contact us if you require any further information.

CUBE6 Limited

Thorby Avenue, March,

Cambridge PE15 0AZ

Phone 01354 657999

Fax 01354 657995

email sales@cube6.co.uk

Our collect and recycle service costs £275 which includes for 20 recycling bags

We will require a written order should you wish to take advantage of the above service.
